- (2) CUI-ul școlii
- (3) Denumire școală
- (4) Numărul de candidați cu rezultat final „Admis” sau „Respins” la prima examinare*
- (5) Număr candidați cu rezultat final admis
- (6) Promovabilitate: nr. candidați admiși la prima examinare/total candidați examinați *100 [%]

Note:

* Se consideră prima examinare pentru fiecare dosar de școlarizare (cod de bare), indiferent dacă este aceeași școală sau școală diferită.

** Se iau în considerare:

- Primul examen de teorie cu rezultat “Respins” dacă data examinării este în perioada de referință. Se contorizează în numărul de candidați respinși.

- Primul examen de poligon cu rezultat “Respins”, dacă primul examen de teorie este “Admis”, indiferent când a susținut teoria, dacă data examinării la poligon este în perioada de referință. Se contorizează în numărul de candidați respinși.

- Primul examen de traseu cu rezultat “Admis” sau “Respins”, dacă primul examen de teorie este “Admis”, dacă data examinării la traseu este în perioada de referință. Se contorizează în numărul de candidați admiși sau respinși în funcție de rezultatul la proba de traseu.

- Primul examen de poligon la AM cu rezultat “Admis” sau “Respins”, dacă primul examen de teorie este “Admis” și data examinării la poligon este în perioada de referință. Se contorizează în numărul de candidați admiși sau respinși în funcție de rezultatul la proba de traseu.

*** Nu se iau în calcul candidații care au promovat doar teoria în perioada precizată și nu au susținut proba de traseu

**** Nu se iau în considerare dosarele de redobândire

***** Nu se iau în considerare dosarele de examinare pentru eliminarea restricției 78

***** Nu se iau în considerare programările cu rezultat „Neprezentat” sau „Nefinalizat”

***** Corectarea sau revocarea rezultatelor la probele de examinare va afecta păstrarea rezultatelor raportului la execuții succesive pentru aceeași perioadă!
